

Central Intelligence Agency

Washington, D.C. 20505

1 May 1985

Mr. Richard Hadcock  
Director, Advanced Development  
Grumman Aerospace Corporation  
Bethpage, New York 11714

Dear Mr. Hadcock:

On behalf of the students and staff, I would like to express our appreciation for your excellent presentation on the use of composite materials at the Agency's first Seminar on Science and Technology Forecasting. Speakers like yourself helped make the seminar a success.

Your handout, "Composite Airframe Production Implementation," was superb. With your permission, we would like to use the article in the Agency's Defense Industries Course.

Thanks again for your cooperation and finding time to come to Washington to address our Seminar.

Sincerely,

Director  
of  
Training and Education
